Material Identification for Packaging Items

packaging items	example images	packaging materials	possible packaging material colours	abbreviations and numbering according to 97/129/EC
crates		plywood or wood	natural	FOR 50
boxes		corrugated board	brown with brown, white, black or blue inner/outer liner	PAP 20
		paperboard/solid board	grey or brown, poss. with white outer layer	PAP 21
tubes		coreboard	brown	PAP 21
inserts		corrugated board	brown with brown, white or black inner/outer liner	PAP 20
		paperboard/solid board	grey or brown, poss. with white or black inner/outer layer	PAP 21

packaging items	example images	packaging materials	possible packaging material colours	abbreviations and numbering according to 97/129/EC
inserts		corrugated board and PUR film	brown with brown inner/outer liner	PAP 20
			transparent white film	
		LDPE foam	white, pink or black	LDPE 4
				
	PS foam	white	PS 6	
				
	PUR foam	grey or black	PUR 7	
				
fillings		paper	brown, grey or white	PAP 22
		HDPE air cushion film	transparent white	HDPE 2
		HDPE air cushion film	transparent white or transparent pink	HDPE 2

packaging items	example images	packaging materials	possible packaging material colours	abbreviations and numbering according to 97/129/EC
lids		corrugated board	brown with brown inner/outer liner	PAP 20
		LDPE	white	LDPE 4
bags		paper	brown	PAP 22
		LDPE film	transparent white or transparent pink	LDPE 4
		HDPE air cushion film	transparent pink or transparent white	HDPE 2
		composite film (LDPE, polyester and aluminium)	transparent grey	C/LDPE 90
		composite film (LDPE, PA and aluminium)	silver	C/LDPE 90

packaging items	example images	packaging materials	possible packaging material colours	abbreviations and numbering according to 97/129/EC
tubular nets		HDPE	blue, yellow or orange	HDPE 2
edge protectors		solid board	brown	PAP 21
		LDPE foam 	blue	LDPE 4
straps		PP	black	PP 5
		PET	green	PET 1
stretch films		LLDPE film	transparent white	LLDPE 7

Your automation, our passion.

Explosionsschutz

- Eigensichere Barrieren
- Signaltrenner
- Feldbusinfrastruktur FieldConnex®
- Remote-I/O-Systeme
- Elektrische Komponenten und Systeme für den Explosionsschutz
- Überdruckkapselungssysteme
- Bedienen und Beobachten
- Mobile Computing und Kommunikation
- HART Interface Solutions
- Überspannungsschutz
- Wireless Solutions
- Füllstandsmesstechnik

Industrielle Sensoren

- Näherungsschalter
- Optoelektronische Sensoren
- Bildverarbeitung
- Ultraschallsensoren
- Drehgeber
- Positioniersysteme
- Neigungs- und Beschleunigungssensoren
- Schwingungsüberwachung
- Industrial Ethernet
- AS-Interface
- IO-Link
- Identifikationssysteme
- Anzeigen und Signalverarbeitung
- Connectivity
