

Coordinate system

Displacement of read-only tag in X and Y direction

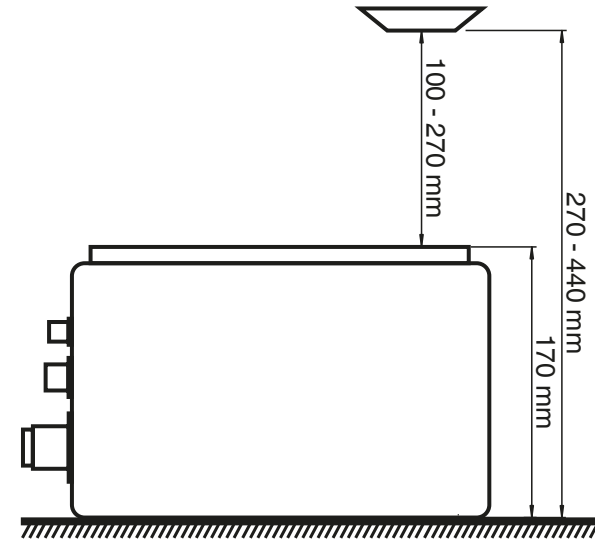

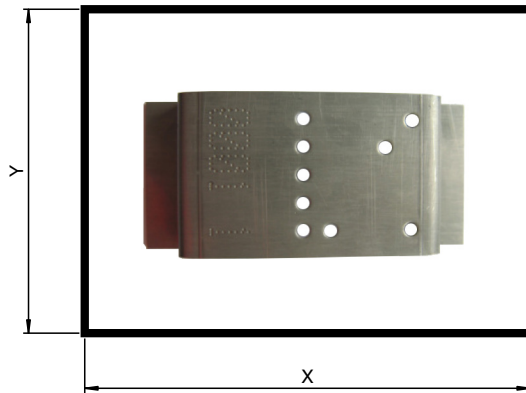

Permissible displacement of read-only tag ( $\pm\Delta X$  and  $\pm\Delta Y$ ) depending on reading distance Z

Default setting: **Zw = 200 mm**  
 Depth of focus at Zw: **DoF = 50 mm**

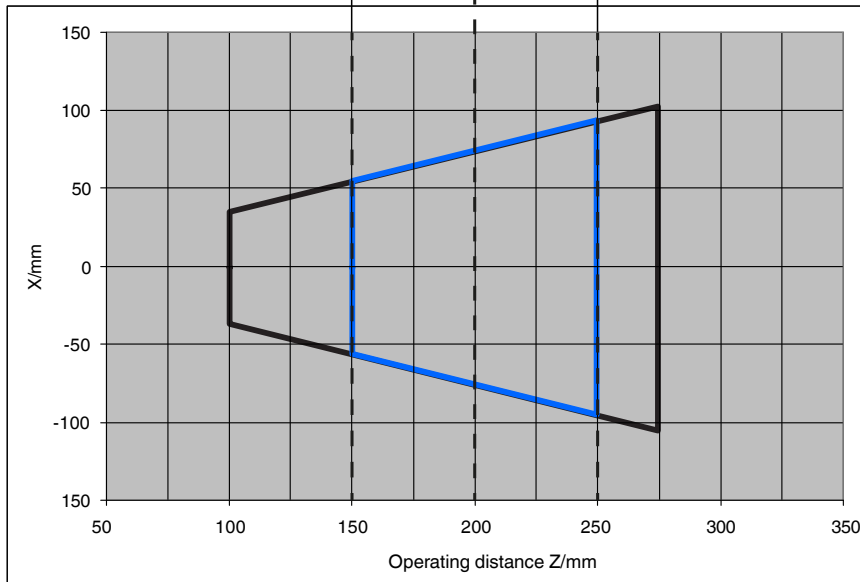

The values  $\Delta X$  and  $\Delta Y$  apply for read-only tag OIC-C11V4A-CB2

Reading window in X and Y direction

Depth of focus (DoF) = 50 mm

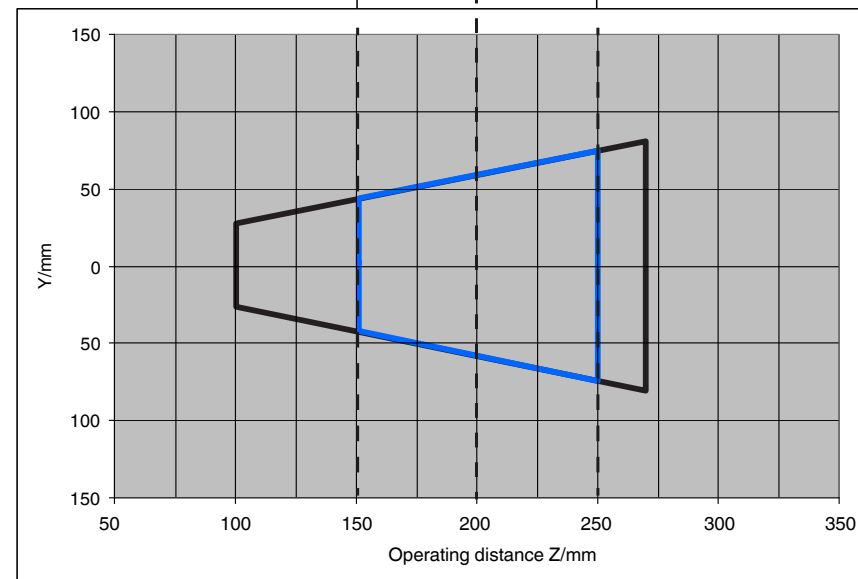

Zw = 200 mm

Reading window in X direction

Depth of focus (DoF) = 50 mm

Zw = 200 mm

Reading window in Y direction
