

Measuring resistor

K-500R0%1

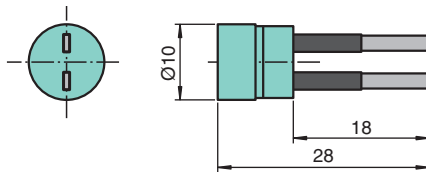

- 1-channel
- Precision resistor
- Conversion of 4 mA ... 20 mA/2 V ... 10 V

Measuring resistor

Function

This resistor can be used to convert 4 mA ... 20mA to 2 V ... 10 V.

Dimensions

Technical Data

Electrical specifications

Measuring resistor 500 Ω , 0.1 % , TK10

Mechanical specifications

Dimensions $\varnothing 10 \times 28$ mm (0.4 x 1.1 inch)
