

## Protective cover VOS5000-LE-COV47

- Protective cover for VOS5000 camera with C-mount lenses
- Protects the lens from dust and water spray

### Function

The protective cover is used to protect the lens of the VOS camera from external influences and thereby increase the degree of protection (to IP67). It provides a rugged protective barrier against the ingress of moisture, dirt, and dust. Using a protective cover extends the service life of the camera while ensuring that image quality is not compromised. Note the maximum dimensions of the lens used.

### Dimensions

### Technical Data

#### Mechanical specifications

Housing length	45 mm
Housing diameter	Ø 64 mm
Degree of protection	IP67
Material	Housing: aluminum, anodized Glass : Acrylic
Lens length	max. 42 mm (length with filter)
Lens diameter	max. 54 mm incl. locking screws
