

Adapter plate

MH-F42-MK0

- Suitable for F42 series
- Adapter plate for existing hole patterns of the ultrasonic series K0
- Compatible with sensors with a 47 mm hole pattern
- Supplied with mounting material

Adapter plate for mounting an F42 ultrasonic sensor on different hole patterns at the installation location

Dimensions

Technical Data

General specifications		
Suitable components		ultrasonic sensors of the F42 series
Mechanical specifications		
Material		anodized aluminum
Mass		146 g
Tightening torque, fastening screws		For mounting of the ultrasonic sensor onto the adapter plate: 2.5 Nm
Dimensions		

Release date: 2025-02-13 Date of issue: 2025-02-13 Filename: 70169893_eng.pdf

Technical Data

Height	8 mm
Width	82 mm
Length	90 mm
General information	
Scope of delivery	For mounting of the adapter plate: - 4 cylinder head screws M5x16 (stainless steel) - additionally 4 M5 nuts and washers each for push-through mounting For mounting of the ultrasonic sensor onto the adapter plate: - 4 cylinder head screws M5x35 (stainless steel)
