

## Control Stations Division 2, Stainless Steel

# SR.CS2\*

- For use in North America
- Stainless Steel enclosure
- Certified for Class I, Division 2 hazardous areas
- Up to 107 operators per control station
- 10 enclosure size options
- Return Flange Sealing provides Drain Channel
- Customizable configuration of operators, cable entry quantities and cable gland types as per specification
- Customizable configuration of gland plates, ground bolt and hinges as per specification
- Option for vertical or horizontal mounting provides high flexibility
- Up to 4 gland plates
- Wide range of labels and accessories available

### Control Stations Division 2, Stainless Steel

#### **Function**

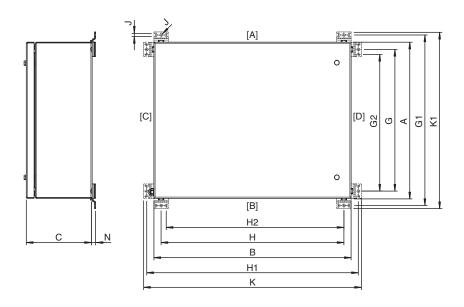

The SR series is a flexible range of control stations for use in Class I, Division 2. The devices are fully customizable and as such will meet the needs of user specifications by being supplied with accessories such as quarter turn locks, mounting brackets or gland plates A comprehensive range of operating elements, contact blocks, terminals, entry devices and enclosure accessories are available to ensure each configuration will exactly meet any application requirements.

Enclosures are manufactured from brushed AISI 316L stainless steel and all fixings are manufactured from A4 grade stainless steel as standard to provide excellent tarnish and corrosion resistance.

Your solution can be mounted in portrait or landscape orientation in temperatures ranging from -40°C up to +55 °C. Endless configurations can be

confirmed by your local Pepperl+Fuchs office.

### **Dimensions**

Dimension values see data table. Image and drawing are generic for this device type and may deviate from the specific variant.

#### **Dimensions and Enclosure Details**

(\*) Top left control element ommitted due to space limitations
Quantities are reduced when using quarter turn key locks. For details please contact Pepperl+Fuchs

### **Technical Data**

Electrical specifications	
Operating voltage	250 V AC max.
Operating current	5 A max.
Terminal capacity	2.5 mm <sup>2</sup>
Terminal torque	0.8 Nm 1.2 Nm
Mechanical specifications	
Enclosure cover	fully detachable , hinged
Cover fixing	stainless steel A4 (V4A) hexagonal head screws, see data table
Cover seal	silicone
Degree of protection	Type 4X
Cable entry	cable glands as per specification
Gland plate on face(s)	optional
Material	
Enclosure	1.5 mm AISI 316L, (1.4404) stainless steel
Gland plate	optional 3 mm or 6 mm AISI 316L (1.4404) stainless steel
Finish	brushed
Mass	see data table valid for empty enclosure, will increase according to integrated components
Dimensions	see data table
Mounting	screws, optional mounting brackets enclosed
Grounding	M6 internal/external brass nickel-plated grounding bolt M6 internal stainless steel grounding bolt welded to lid M6 internal stainless steel grounding bolt welded to enclosure body
Ambient conditions	
Ambient temperature	-40 55 °C (-40 131 °F) depending on integrated components

## **Technical Data**

International approvals	
ETL approval	
ETL certificate	Intertek 5003368 , Intertek 5022079
Approved for	Class I, Division 2, Groups A, B, C, D
cETLus	according to UL 508A, UL 121201, CSA C22.2, No. 213, 286
Ambient temperature	-25 40 °C (-13 104 °F) T6 -40 55 °C (-40 131 °F) T5
Conformity	
Degree of protection	UL 50 / UL 50E
General information	
Ordering information	This device will be delivered completely configured and assembled ready for use. For configuration details please contact Customer Service.
Supplementary information	EC-Type Examination Certificate, Statement of Conformity, Declaration of Conformity, Attestation of Conformity and instructions have to be observed where applicable. For information see www.pepperl-fuchs.com.
Accessories	
Optional accessories	Mounting plate M6 internal/external stainless steel grounding bolt gland plate 3 mm AISI 316L (1.4404) stainless steel gland plate 6 mm AISI 316L (1.4404) stainless steel M6 internal stainless steel grounding bolt welded to bottom gland plate quarter-turn key locks stainless steel A4 (V4A) engraved traffolyte tag label engraved AISI 316L stainless steel tag label color in-fill stainless steel tag label cover padlock facility
Indicators/operating means	
Control elements	small footprint max. 107 see data table all NC contacts have a direct opening action for emergency stop functions

## **Operating Elements Configuration**

Example based on SR.CS2.38.48.22.B

#### Notes:

The use of label holders depends on operating elements configuration

The position of the grounding bolt can vary depending on configuration

All NC contacts have a direct opening action for emergency stop functions

For further configurations please contact Pepperl+Fuchs

For types of cable glands and combinations of different gland sizes please contact Pepperl+Fuchs
