Software

eFLASH

- Assign the flashlight to one of the hardware buttons
- Android™ application
- Available at Google Play

Enhanced flashlight application for Android™ smartphones

Function

eFLASH, the flashlight app specially designed for all ecom phones. With this app you can easily assign the flashlight to one of the hardware buttons. Having light at your workplace is just a keystroke away. The flashlight app also works on all other Android™ based phones.
Note: Hardware button assignment only on supported phones.
