

Sensotek GmbH – Company profile

Within the Pepperl+Fuchs Group, Sensotek GmbH is a specialist in the field of entrance automation. The company has set itself the goal of developing innovative sensor solutions for the access automation market, in particular such market segments as door automation, gate automation, barriers, elevators, escalators, security, local public transport and traffic, as well as placing them on the market.

A clear focus on this specific market allows Sensotek to react flexibly to changing requirements. By maintaining close contact with the customer, Sensotek knows their needs and expectations and can therefore offer custom-tailored products for applications in the respective segment as well as the associated services.

Address:	Stuttgarter Straße 119, 73061 Ebersbach
Telephone:	+49 7163 93926-0
Fax:	+49 7163 93926-10
Internet:	www.sensotek.com
E-Mail:	info@sensotek.com
CEO:	Rainer Niess
Year of foundation:	2010
Employees:	31
Target markets:	Automatic doors and access systems, gate automation, elevators, escalators, barriers, security, fire protection, perimeter protection, buses and trains, traffic management systems
Key products and services:	<ul style="list-style-type: none">• Measuring 2-D radar sensors as intelligent opening impulse generators• Conventional Doppler radar sensors• Classic loop detectors and electronic loop detectors with magnetic field sensor for vehicle detection• Systems for direction recognition of people at security gates in airports, separation systems for security areas and digital people counting• Industrial LED strips for signal lighting• One-way light grids for elevators• Fire protection light barriers• Sensors for sliding doors, static ToF sensors for swing doors• LIDAR sensors, optical sensors, passive infrared sensors, presence safety light curtains• RFID systems• Closing edge protection• Ultrasonic sensors
